# Tainted Lands

Magic Arcana  
 Thursday, January 31, 2002

Here are the four "tainted" lands from *Torment*. When the cards were designed, the creative team thought it would be cool if they had the art "mirror" basic lands from *Odyssey*. So the original land artists were commissioned to do darker versions of their original basic lands.

Click on each one to see what the lands look like "un-tainted."
