Magic Arcana  
 Thursday, June 27, 2002

If you thought the set *Prophecy* was a little sub-par, check out the card *Prophecy*.

This *Homelands* common lifegain spell (I use the term loosely) is interesting because of it's art. In the center of the eye is reflected the real boss of *Homelands*, *Ihsan's Shade*. *Baron Sengir* had nothing on that guy.
