# Shockatog

Magic Arcana  
 Friday, January 10, 2003

Many people have guessed it, and now we'll confirm it: the creature being hit by the lightning in the *Onslaught* version of *Shock* is in fact the lovable *Psychatog*.

Ed Beard's original *Shock* art was moved to another card in the set, and when asked to do another version, he decided to have a little fun and show *Psychatog*—by that time already the scourge of the tournament scene—getting fried.

Of course, *Shocking* a *Psychatog* is not good for much in game terms, but it's nice to see the little sucker suffer.
