Soldier Tokens

Magic Arcana
Tuesday, May 27, 2003

Token cards have actually been around since as early as the *Unglued* set. Generally tokens have been created in response to a card that is released for an expansion that mentions a specific token type.

Since this is Soldier week, we've gone into the art archives to track down the three different soldier tokens and show you the images from these token cards.

The Three Soldier Tokens

 Unglued Soldier Token Art

The first soldier token actually appeared in the *Unglued* set.

 Goblin Soldier Token Art

The second soldier token was in fact a goblin soldier token. It appeared with *Apocalypse* to play with the card *Goblin Trenches*.

 Onslaught Soldier Token Art

The third soldier token was required with the release of the *Onslaught* expansion in order to play with the card *Mobilization*.
