# Sliver art gallery 3

Magic Arcana  
Wednesday, March 10, 2004

Monday we looked at *Stronghold's* multicolored Slivers, and yesterday we focused on *Tempest's* 2/2 uncommon Slivers. Today we were going to finish out *Tempest* with a look at the art of the 1/1 commons; unfortunately, not all the commons' art is currently in the art database (no worries; the couple missing ones are around here somewhere, they're just temporarily misplaced).

So in place of *Muscle*, *Clot* and *Metallic* Slivers' art, instead please enjoy the bonus art of *Sliver Overlord* and of the *Legions* Sliver token, both by the illustrious Tony Szczudlo.
