Demonic Arcana

Magic Arcana
Wednesday, July 7, 2004

Although it is Demon Week here on the site, we've shown lots of nifty demonic tidbits previously in Magic Arcana. Here is a compilation of some of the better demonic Arcanas:

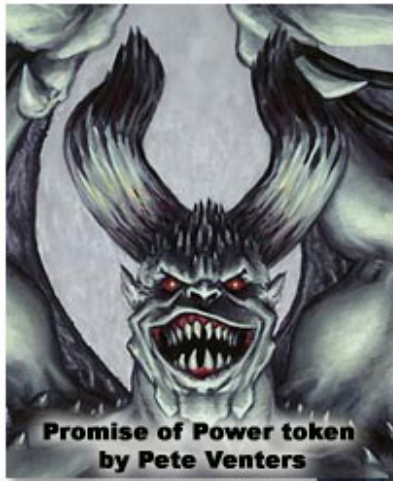

- [Sketches: Grinning Demon](#) - See the development of the art of Ol' Grinny.
- [Onslaught wallpaper and screensavers](#) - A [Grinning Demon](#) desktop wallpaper is featured as one of the goodies linked from the *Onslaught* product page.
- [Sketches: Havoc Demon](#) - Check out how the look of the Thomas Baxa demon came to be.
- [The new look of tokens](#) - A peek at token promo cards in the new card face, featuring the [Promise of Power](#) demon token.

And now let's add to the list -- here's a new demonic tidbit for today.

Mirrodin Demon Horns

Although they were painted by three different artists, the look of demon horns in *Mirrodin* block is very consistent. Compare the jagged, curving horns of [Reiver Demon](#), the [Promise of Power](#) token card, and of course, [Demon's Horn](#):
