Terashi: Sun Kami

Magic Arcana
 Monday, January 31, 2005

The world of Kamigawa is infused with spirit -- there are spirits of objects, emotions, concepts and creatures. One of the mightier kami is Terashi, not appearing directly on a **Magic** card but referred to by three Arcane spells.

Terashi is the kami of the sun, a strong white-aligned force on the side of the immortal spirits. Check out how Terashi slaps around the mortals (and their stuff) on these three white cards.
