Shirei, Shizo's Caretaker

Magic Arcana
 Tuesday, February 1, 2005

Betrayers' creepy **Shirei, Shizo's Caretaker** is a death kami with a mission. Shirei tends the bloody battlefield of Shizo, depicted on *Champions of Kamigawa's* **Shizo, Death's Storehouse**.

According to its art description from the Creative Team, Shirei has the ability to "deny death to the dead," which links up to the card's reanimation mechanic. In this blowup of Wayne Reynolds' art, below, you can see some of the poor souls that might have died at the battle of Shizo.
