# An Unchecked Zubera

Magic Arcana  
 Tuesday, February 15, 2005

The color green is home to many creature-pumping effects. The flavor of these pump effects is often the literal growth of the creature in question -- the creature becomes giant-sized and is thereby better equipped to stomp things into oblivion.

In some cases you might actually recognize the **Magic** creature being super-sized, as in the case of *Betrayers of Karnigawa's Unchecked Growth*. See below how artist Tsutomu Kawade's art of *Unchecked Growth* was tied to his *Champions* piece, *Dripping-Tongue Zubera*.

Tsutomu Kawade's Dripping-Tongue Zubera and Unchecked Growth

In the art of *Dripping-Tongue Zubera*, that zubera is surrounded by trees of the Jukai Forest. In *Unchecked Growth*, note that the same zubera wears some of those trees *on its head*. That's a big spirit.
