Stir the Grave scene

Magic Arcana
 Tuesday, May 10, 2005

Betrayers of Kamigawa's **Stir the Grave**, a reanimation spell found in Gadiel Szeleifer's winning [Pro Tour Philadelphia deck](#), depicts a typical, zombie-filled reanimation scene:

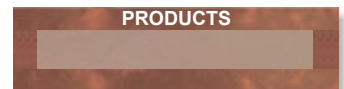

If you look closely, the art contains references to *two* other *Champions of Kamigawa* legends.

The first is **Nighteyes the Desecrator** -- the "leveled-up" version of **Nezumi Graverobber**, also in Gadiel's deck (sideboarded). Nighteyes is the necromancer seen in the background raising all those zombies.

The second legend shown in **Stir the Grave** is more subtle. According to the art description, the entire scene takes place at the haunted, legendary battlefield **Shizo, Death's Storehouse** (which is *also* in Gadiel's deck)!

You might say that in such a flavor-filled block, theme decks win Pro Tours!
