Ghost-Lit Kami

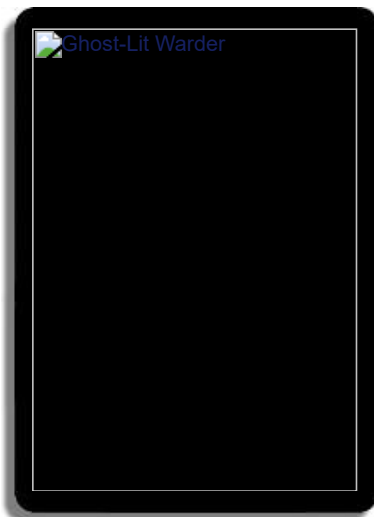

Magic Arcana
 Monday, June 20, 2005

The cycle of five [ghost-lit kami](#) from *Saviors of Kamigawa* all are small spirit creatures and all have a channel ability related to their in-play ability.

The art team made sure that they had similar art composition, as well. Each appears as a gaunt human in flowing *kimono* carrying a large lantern. Note that the glow of each spirit's lantern matches up to its color (except for *Ghost-Lit Stalker* -- it'd be tough to pull off a black-glowing lantern). And note that in each piece, the face of the kami is mysteriously hidden...
