A Fatter Fat Pack

The fat pack just got fatter.

The *Ninth Edition* fat pack sports a brand spanking new format for the fat pack, stuffed inside a box big enough that it might as well read "WIDE LOAD" on the side:

Yes, that's *one* fat pack. And yes, that's some nice art of the *Ninth Edition's* Serra Angel and Hypnotic Specter locked in battle -- there's more on the card boxes inside.

Speaking of insides, this new fat pack format features:

- two card boxes with a new art piece that wraps around them,
- six of these cool color dividers that fit in the card boxes,
- a mini-poster built into the reverse of the card box wrapper,
- a *Ninth Edition* Spindown life counter,
- a 40-card land pack,
- a *Ninth Edition* player's guide,
- a special oversized *Ninth Edition* card (see right),
- and six *Ninth Edition* booster packs.

Now *that's* a fat pack. (So much for our 2005 New Year's resolutions to keep our products slim and trim.)
