Ravnica Style Guide: Anthony S. Waters Land Concepts

In the spirit of this week's [feature article](#) by Magic art director Jeremy Cranford, today in Magic Arcana we look at *land*. In particular we take the opportunity to crack open that dusty *Ravnica* style guide to focus on concept sketches for Ravnica's urban environments by one Anthony S. Waters.

[Anthony](#) has illustrated over 60 pieces of Magic art since *Tempest*, and has created landscapes such as *Yavimaya Coast* and *Windswept Heath* as well as dozens of creatures and other spells from *Mortivore* to *Mistform Ultimus*.

Anthony's contribution didn't stop with the *Ravnica* style guide; he also contributed a cycle of basic land art for *Ravnica*. You'll see those at the [prerelease](#) -- but for now, check out these gorgeous sketches from the style guide.
