Ravnica Style Guide: Saprolings

Magic Arcana
 Wednesday, September 28, 2005

The Selesnya Conclave is a guild founded on the twin philosophies of green (growth, nature, adaptation) and white (order, light, law).

As we'll see today, the look of saprolings and nature elementals, mostly employed by the Conclave in Ravnica, reflects these twin philosophies as well.

Ravnica Style Guide: Saprolings

As you can see, saprolings in this plane are animated plants wrapped around large chunks of glimmering crystal. The crystals' reflective properties tie into the white associations of light and order, while the wild vines and bushes of their plant aspects reflect their green origins.

Here are a few more cards where these crystalline saprolings and elementals can be seen in action.
