# Guild Symbols in Art

Magic Arcana  
 Monday, October 3, 2005

Each guild on the plane of Ravnica has its own unique symbol. In addition to the [Ravnica Minisite](#), you can also see the guild symbols printed lightly in the background of the text box, and of course on the four artifact [signets](#) (see right).

The guild symbols also show up, sometimes subtly, in the art of *Ravnica: City of Guilds* cards. Below, check out these examples of signets buried in art.
