A Morality Shifted

Magic Arcana
 Wednesday, March 15, 2006

Ever looked at your graveyard and wished you could draw from there instead of from your library? Or wished you had a graveyard stocked full of goodies from your library? Well, even *before* the dredge mechanic, this was possible! **Morality Shift**, one of *Judgment's* most out-there potential combo cards, swaps around your graveyard and your library.

RULES

The flavor of the card involves a sudden change in value systems, an overall "Blackening" of the mind (in fact, the card was called [Blackened Mind] during playtest). Check out the scene going on in Jerry Tiritilli's art for the card. The cleric on the left illuminates his text with enlightened illustrations of angels, sunbursts and flowers. The cleric on the right, however, scribes demons and evil monsters. Guess which one has had his mind "blackened"?
