Players are not permitted to have secondary accounts played by another person. If a player is discovered to have more than 1 account playing in the Championship either before, during, or after the event, appropriate penalties will be applied (including disqualification from the event with no refund of product or event tickets).

Important information regarding system crashes and refunds for Premier Events

If during your event the system crashes, 1 of 3 things will happen:

1. The system will come right back up. In this case:
 - o Events will continue and additional time will be given to allow players to finish the event
 - o No Compensation will be given
2. The system cannot recover the event and "finishes" (prematurely ends) the event, or a WOTC Tournament Coordinator must "finish" (prematurely end) the event.
 - o We will accept the prize payouts "as is" - This means that whatever prize payouts and invites the system awards, we will not change what the system does.
 - o No changes will be made to these events from what the system automatically pays out as prizes or invitations

If the event is in TOP 8:

- No product or tickets will be refunded
- All players keep the product used to enter the event as well as the drafted cards from the TOP 8 draft.

If the event is still in Swiss Rounds:

- Players can [request a refund through Customer Service](#).
- We will refund your Product and tickets.

3. The event is cleared or cancelled by the system. If an event is cancelled this means the event can no longer be viewed in the premier event listings.

- The system will automatically refund your tickets.
- Players can [request a refund through Customer Service](#).
- We will refund your Product.
