What's wrong with this picture?

Twinstrike art by Christopher Rush

Twinstrike depicts an Azorius mage and her soldier escort getting skewered by the bladelike arc of a Rakdos spell. The form of the figures looked great in the sketch, but when Chris Rush went with a green cast to the magic of the spell, it was clear there needed to be a color touch-up for the final art of the card.

In the production step, the green magic was changed to fiery red magic with digital art techniques, and the card's "Rakdosification" was complete.
