Time Spiral Theme Decks

They're ready-to-play, 60-card decks. They explore major themes of *Time Spiral*. They involve exactly zero muss, fuss, or waiting. They're the *Time Spiral* theme decks, and today you get a good, long look at their packaging and themes. Want one, or all four? They hit shelves when *Time Spiral* releases, October 6th.

Fun with Fungus

Thallids are sentient, mobile fungus creatures that share a symbiotic relationship with saprolings. Thallids do exactly two things: spread and consume. Aided by Thelon of Havenwood, they're doing both quite well. In the wake of an apocalypse, what would thrive better than mold?

Hope's Crusaders

Dominaria is rubble. The coalition army was demolished in the apocalypse. Paranoia runs high and lawlessness abounds. And yet something noble stirs. Pride. Power. Might. An ever-growing band of defiant survivors have joined together to fight for the one thing they value most: hope.

Reality Fracture

The problem with temporal disasters is you never know when the fallout will appear. Urza's botched time experiments happened hundreds of years ago, but the ripples they left in the time stream—including storm and suspend—are tearing apart the fabric of reality right about . . . now.
