Building on Rumbling Slum

Magic Arcana
 Monday, December 18, 2006

No doubt you've already drooled over this Gruul-licious monster (in which case good for you -- drool is an appropriately Gruul reaction, especially while sort of grunt-growling approvingly):

Mmmmm... 5/5 for 4... "Drawback" hurt opponent and enable bloodthirst too... Rrrrrrumblly slummm... *drool*

The art for **Rumbling Slum** depicts an animated slum-district, animated by the Izzet but adopted by the uncivilized Gruul. It's based on an image from the *Guildpact* style guide of a "debris elemental":

Rumbling Slum sketch

After Carl Critchlow's sketch was approved, he submitted this final art. But as you'll see, it didn't turn out to be final after all; the art team wanted it to be clearer that the big elemental was made of *buildings*, not just rubble. So more indications of architectural wreckage were added. Click the links below the image to see the changes.
