My second favorite column of the year was probably the fan favorite of the year. And ironically enough, it was the one with the fewest words.

If you haven't had the chance to "read" "80,000 Words", I'm excited to present it again. If you've already had a chance to see it, I suggest taking some time looking around in the backgrounds of some of the pictures as there was a lot of stuff there that some people missed the first time around.

*Mark Rosewater is Head **Magic** Designer. What this fancy title means is that he's in charge of **Magic** design. This gets him a lot of mail (which he actually reads). When not alternatively destroying and saving **Magic**, he likes to spend time with his family, do stereotypically geeky things (play games, read comics, watch a lot of science fiction, etc.) and write about himself in third person.*
