# Planar Chaos Minisite Update 3 of 3

*Magic Arcana*  
Wednesday, January 17, 2007

As this goes live, it's less than 100 hours until the [Planar Chaos prerelease events](#) begin all over the world. The [minisite](#) has its last batch of updates today, which should help tide you over until then.

Today's update features:

- One last flavorful look at the storyline of *Planar Chaos* (delicious)
- Exclusive art previews (ridiculously mouth-watering)
- The final installment of Michael G. Ryan's story, "Destiny" (melt-in-your-mouth delectable)
- Bonus puzzle and wallpaper (something we like to call "finger-lickin' scrumptious")

So, the plane may be in ruins, the coalition may be scattered, and the time rifts may be inundating the apocalypse survivors with alternate-history anomalies, but you get to check out brand-new content.

Wednesday's looking a little better already.
