Shaper Parasite

Magic Arcana
Monday, March 5, 2007

Blue has a theme of shapeshifting in *Planar Chaos*, as you can see from cards like [Erratic Mutation](#), [Aquamorph Entity](#), and [Pongify](#). Another example is [Shaper Parasite](#). Although it's actually an Illusion, its power/toughness-modifying abilities are often used to "shapeshift" a creature right into the graveyard.

Like many blue morph creatures, the art of [Shaper Parasite](#) depicts a bizarre creature bursting from its spiderlike [morph shell](#). You may not have noticed, however, that the body of [Shaper Parasite](#) is actually *composed* of morph crawler legs. Near its head, the legs become clawlike appendages. Creepy!
