# Fat Pack Cardbox Art

Magic Arcana  
Tuesday, March 27, 2007

The *Planar Chaos* Fat Pack (available everywhere that **Magic** cards are sold!) is chock full of goodies from the *Planar Chaos* novel, the Player's Guide, to a twenty-sided life counter, to extra basic lands, to extremely cool card storage boxes with custom art and color dividers.

*This photo contains an outdated shot of the Player's Guide with Akroma instead of Serra Sphinx*

Here are a couple of detail views of the design wireframes of the card boxes, featuring art by Daren Bader of *Akroma*, *Angel of Fury* and the dragon *Oros, the Avenger*. If you put the card boxes side-by-side, the art lines up across the two boxes. Check out those design wireframes for a stretched-out view of that art:
