# The Sword from Pendelhaven

Magic Arcana  
 Monday, May 7, 2007

**S**word of the Meek might look familiar.

As you may have read in [Magic Arcana #1294](#), the same sword is depicted in the art of both **Krosan Grip** and **Return to Dust** from *Time Spiral*.

*Future Sight's* **Sword of the Meek** solves the puzzle of how the same sword can be "disenchanted" multiple times.

Check out the art—you'll see that Franz Vohwinkel illustrated that same sword yet again for a piece of equipment that has the power to come back from the graveyard.

*Sword of the Meek art by Franz Vohwinkel*

The weapon grants a Pendelhaven-like +1/+2 enhancement and has a Pendelhaven-like affinity for 1/1 creatures. Who first bore this sword? Why, it's Pendelhaven protector Jacques Le Vert.

*Abandoning his sword to return to the lush forest of Pendelhaven, Jacques le Vert devoted his life to protecting the creatures of his homeland.*
