

The Ferocious Vorrac

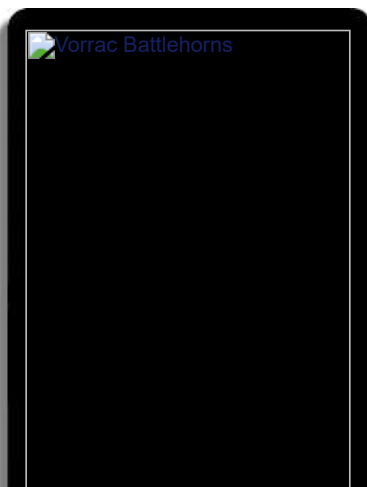

Magic Arcana
Monday, May 14, 2007

Avorrac is a green-aligned beast native to the plane of Mirrodin. It's a boarlike creature with huge, curving, coppery tusks, and can often be found flattening the undergrowth of the Tangle. During *Mirrodin* set design, the beast was called a "djeeruk."

Artificers on Mirrodin were responsible for the **Clockwork Vorrac**, a magically animated metal version of the boar-beast. The Viridian elves of the Tangle hunted this unnatural abomination.

Vorrac Battlehorns shows the tusks of a vorrac forged into a hand-held weapon, magically infused with the beast's unstoppable ferocity.

Speaking of ferocity, note that the *Fifth Dawn* "Giant Growth" effect **Ferocious Charge** depicts a vorrac on the rampage. (Happy Scry Week!)
