# Tenth Edition Booster Packaging

You've already seen the [Tenth Edition theme decks](#) and heard about [Magic Game Day](#) coming up July 14th. Today we take another step deeper into this *Tenth Edition* of the core set by looking at its booster packs.

The 10E boosters sport a cool color-coded look to them. Don't worry, they're still randomized—full of delectable five-color mysteries just like any booster pack of **Magic**. But each booster shows off the power of one of the five colors with a little extra "zing." Enjoy.
