Ith and his Maze

Magic Arcana
Thursday, June 21, 2007

Time Spiral's Ith, High Arcanist represents Lord Ith, powerful mage from the *Ice Age* trilogy of novels emerging from the blue curtain of time energy (the visual cue for the suspend mechanic, internally called the "suspend barrier"). The secretive archmage kept a maze on his estate meant to keep out intruders—and keeping out intruders is exactly what the card *Maze of Ith* does (at least, for those who opened enough packs of *The Dark* back in 1994).

The Maze resembles the folds of a giant brain. At card size you might not have put it together that, in Anson Maddocks's art, the maze actually holds a victim.

Mouse over the image to focus in on the figure trapped inside Ith's Maze.
