SPELLSHAPED INTO *TENTH*

Posted in [Arcana](#) on August 13, 2007

What do these *Tenth Edition* creatures have in common?

They are all creatures "shaped" by spellshapers in *Future Sight*: [Cloudseeder](#), [Skirk Ridge Exhumer](#), [Sparkspitter](#), and [Llanowar Mentor](#).

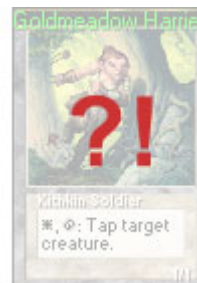

Magic Online creates tokens when you activate these spellshapers, but you might use spare copies of the creatures from *Tenth Edition* as their tokens in the tabletop world.

[Sliversmith](#) makes a [Metallic Sliver](#) token, which of course doesn't appear in *Tenth Edition*. A vanilla, artifact Sliver would have been pretty strange all by itself in a core set!

But the biggest mystery is [Goldmeadow Lookout](#). It creates a token with the name of no existing **Magic** card. *Future Sight* indeed?
